TWIN NOIR – Chapter III - Album Tour.

Berlin-based project **TWIN NOIR** transforms analog rawness into urban ecstasy. Somewhere between alternative, electro, and modern post-punk elements, they create a sound that gets under your skin. Driving rhythms, striking guitars, and melancholic tones merge into a distinctive style. Minimalist German-language lyrics explore themes that give their music emotional depth.

Following tours across Europe, the UK, the Balkans, and Mexico, and support shows for DAF, She Past Away, and Men Without Hats, **TWIN NOIR** have built a growing international reputation. They have appeared at festivals such as Extramuralhas Festival, Summerside Festival, and Amphi Festival and were featured multiple times by Iggy Pop on *Iggy Confidential* on BBC Radio 6.

With their new album “**Chapter III**”, released via the Berlin label Odyssey Music Network, **TWIN NOIR** are heading out on an extensive tour across Germany and Europe. Known for their electrifying live shows, **TWIN NOIR** impress with energetic performances and a danceable sound. Inspired by Berlin’s club culture, punk, and vaudeville, their shows celebrate freedom, creativity, and art, creating an irresistible pull. Made for dark dancefloors and festival stages alike and for those who appreciate intense concerts where you can let go and fully immerse yourself.
